

What Fuels You?

Choose your sources of motivation and energy carefully. Color in the chart from left to right as you shift your source of fuel. Nothing is wrong with the items on the left; they do motivate a person — however, at considerable cost. It takes practice, discussion with your coach, learning new distinctions, and seeing the early stages of the shift to continue in this game — and make sure you treat it that way; this is not a *should* — it's an opportunity!
